WHO WE ARE

Lawton Minster is a premier producer of large gray and ductile iron castings, capable of handling parts up to 45,000 lbs. Built on decades of industry experience, this facility combines deep technical expertise with robust production capacity to meet the needs of heavy-duty industrial applications.

With a focus on quality, responsive service, and collaboration, Lawton Minster delivers reliable casting solutions that help customers minimize downtime and improve performance. Our Minster location is backed by the strength and integration of the Lawton Standard platform to serve our customers better than ever.
